Grove Council Meeting May 11, 2022

Kelly, Victoria, Danielle, and Laurie and several residents!

- Discussed the heat/AC and how it was turned down as the 3rd floor has been heating up due to the first floor being too warm.
- ? par level ordering not sufficient due to lack of coffee, milk, blueberry muffins. Kelly discussed how the countertop being redone and water line had to be unattached. But now that's corrected. Dietary noted the problem.
- JS wants his caregivers to walk with him to keep up his gain. JS said that caregivers don't tell him if they are not coming.
- Discussed front door is locked by 8:30pm. The keys should open the lock so you are not locked out. Will follow up with nursing to respond to door ringing.
- Discussed the COVID 2nd booster shot on May 19. We will put out a notice on the podiatrist as well. Also will note how to expect clinic. (When done with breakfast, resident to go to cinema and activities room for administration of the shot).
- Etiquette that if you are sick, it is a good idea to wear a mask. If a resident is coughing, etc., they should not remain in a public area, wear a mask, cover our mouth, wash hands, etc.
- Resident noted decline in food, i.e. pizza, some soups. Looking for pickles. If there is an issue in any department to please address department head asap so we can correct it.
- Vent-voices carry.
